TRAINING PROGRAMMES

Legionella Awareness Course

Course Objective: Discover what legionella is, where it can be found and why it poses such a risk in this short but comprehensive Legionella Training course. Employees will gain a good understanding of their responsibilities, how to carry out a legionella risk assessment and what to do next. The legionella awareness training takes users through important health and safety considerations, giving them an awareness of the potential hazards caused by legionella in an easily accessible format.
